

NORTH FLORIDA

We look forward to seeing you at this month's Technical Program.

Daylighting and Energy Optimization with Automated Shades Presented By: John V. Baucom, CDT, CSI, Regional Manager with Mecho Systems

SPECIAL THANKS TO OUR SPONSOR!

Don't miss your chance to highlight your company at our programs.

Contact Kim Jowers for more information

E-mail: Kimberly.jowers@tlc-eng.com

Please join us as John V. Baucom discusses daylighting and energy optimization using automated shades. Mr. Baucom will describe the impact of automated shades and daylighting strategies on sustainability and energy optimization, design, and LEED credits.

Mr. Baucom is the regional manager with Mecho Systems responsible for the Southeastern US.

He has over 30 years of experience in the commercial construction and architectural building products industries. Mr. Baucom is one of the founding members of the Charlotte, North Carolina USGBC Chapter. He has been working with sustainable design, building products and systems for the last ten years.
