eng.com**

*Ellen Leroy-Reed,
LEED AP*

Ellen Leroy-Reed discusses the Montessori School from a construction management viewpoint. Ellen will examine the sustainable strategies incorporated into the design and construction of this multipurpose facility including the green building education program developed to utilize the Montessori School as a teaching tool for the children and the community.

Ellen Leroy-Reed is the Director of Business Development for Breaking Ground Contracting, LEED Project Team Administrator for the Discovery Montessori School project and a number of other LEED projects in various stages of design and construction. She provides training and workshops through Breaking Ground Education Services and is invited to speak throughout the state on sustainability. She also serves as Vice Chair of the USGBC North Florida.

*Courtney Mangum,
LEED AP*

Courtney Mangum and Scott Campagna discuss the Duval County Public Schools 103rd Street Kindergarten – 8th Grade School from an architectural and engineering viewpoint. They will focus on the green building concepts utilized in the design and construction of this 170,000 SF school and the first sustainably focused project for DCPS.

Courtney Mangum, LEED AP is Job Captain with JSA Architects and the Architectural LEED Coordinator and Construction Administrator for the DCPS 103rd Street K-8. She is an active USGBC NF member and currently serves as its Building Tour Program coordinator.

Scott Campagna, PE, LEED AP is Associate Vice President with McVeigh Mangum Engineering, Inc. and LEED Project Team Administrator for the DCPS 103rd Street K-8 as well as a variety of other LEED projects throughout northeast Florida.

*Scott Campagna,
PE, LEED AP*
